

KMRE Program Descriptions

KMRE Music from the Golden Era - we present selections from a wide variety of music, drawn from our extensive library of popular music dating from the 1920s, 30s and 40s.

Voices of the 20th Century - original interviews, speeches, and moments in time from 1900-1990, every weeknight from 7-8pm.

The Big Bandstand with Bill Ward - Bill Ward's selections take us back to music from the big band era, originally broadcasted live on KCBS in the 40s and 50s.

Chuckanut Radio Hour - variety-style radio show seasoned with contemporary literature and dished out with a nostalgia-inducing aroma of the golden age of radio, every Saturday night at 6pm and a rebroadcast from the CRH library on Sundays at 9pm.

KMRE Comedy Hour - Brent digs deep into the KMRE library to bring the funniest original comedy programs from the 30-50s such as; Mel Blanc and Martin and Lewis shows.

Carrington 78 Collection - this collection of digitally restored 78s ; tune in every weeknight at 9pm and hear that scratchy, monophonic sound that is music history.

Swing Chronicles - a music program that looks at the history of jazz music through a focus on the Swing genre, weekdays at noon.

Radio Entertainment Network - an hour show featuring the best in old time radio. Produced in co-operation with the Radio Enthusiasts of Puget Sound, it is broadcast weekday evenings at 11pm.

Thomas Jefferson Hour - an hour of commentary on culture, government and the world at large with America's first president, every Saturday at 4pm and again on Sunday Morning at 9am.

Midnight Mystery Players - Our in-house radio drama troupe, producing re-enactments of the famous radio plays of the past. Broadcast every Sunday evening at 10pm.

Vignettes

Museum Walkthroughs - 2 min vignettes, every 2 hours daily, produced by Bill Quehrn

Journeys in time - 1 min vignettes, every 4 hours daily, produced by Bob Muzzy

Great Scientists - (50) 2-3 minutes biographies of notable scientists and their contributions, every 4 hours during music programming

A Moment of Science - A series of vignettes covering an aspect of science in our daily lives, centering on physics, chemistry and technology, every 4 hours during music programming. Produced by Indiana Univ.

Pulse of the Planet - Vignettes covering environmental and ecological issues in the world around us, every 4 hours during music programming

Evening Serial - Every weeknight from 8pm-9pm we present a variety of classic radio programs:

Monday - Gene Autry's Melody Ranch

Tuesday - Jimmy Durante Show

Wednesday - Dragnet

Thursday - Variety Shows from Radio's Golden Age

Friday - Science Fiction Fridays with Isaac Asimov
